

# What did Jesus say through Paul the Apostle on these matters?

*"From one man he made all the nations, that they should inhabit the whole earth; and he marked out their appointed times in history and the boundaries of their lands" Acts 17:26*

and

*"command certain people not to teach false doctrines any longer or to devote themselves to myths and endless genealogies. Such things promote controversial speculations" 1Ti 1:4,5*

False doctrine is the contradiction of the teaching of Jesus who endorsed Moses and therefore the truth of the first five books of the Bible.

If we sign up to Evolution we have endless myths and ever changing genealogies in the stars, the earth and creatures.

Our generations in and out of the Church have difficulty believing in the Jesus of the scriptures because they do not believe what Moses wrote, just like the Pharisees.

*Are you a Pharisee?* John 5

# The Spirit Lifted Ezekiel By The Hair

"It stretched out the shape of a hand and caught me by the hair on my head. The Spirit lifted me

up between the earth and the sky. He took me in visions of God to Jerusalem, to the entrance to the north gate of the inner courtyard of the Temple. In the courtyard was the idol that caused God to be jealous." Ezekiel 8:3b NCV

# Why did the Spirit do such a dramatic thing to Ezekiel?

At long last the people of God, Judah, in Exile were willing to ask for help from the living God and his prophet instead of doing what they thought was right. Ezekiel chpt 8

"By the rivers of Babylon we sat and wept" Psalm 137v1

**What did the Lord show Ezekiel?**

**An Idol in the Temple which provoked God**

**And three things which were even worse!**

**WORSHIPPING  
Insects/Animals**

3rd

**1st  
LEARNING  
FROM  
THE SUN**

**WORSHIPPING  
EARTH'S CYCLES**

2nd

## Why were these three things really bad?

Because what the people of Judah learned from the things they worshipped was contrary to what God had revealed to Moses and the other prophets concerning these things.

The people of Judah learned what they thought were the important ways that animals, the earth and the universe was made and maintained by their observations and observances.

**It was idolatrous!**

**That was disastrous!**

Our children are taught Biology, Geology and Cosmology excluding the teaching of Moses (revelation by God) on these topics because we say it is wrong scientifically and do so by enforcement through inspection and law.

**We teach our children Secular/Pagan Beliefs as true!**

**We make them Secularists/Pagans!**

## What did Jesus say about these matters?

Jesus in confrontation with the Pharisees over healing and the sabbath particularly identified their **lack of belief in the teaching of Moses** as the significant problem John 5v46,47

**What did Moses teach?**

**That the earth was made first and the sun, the moon and the stars later!**

We don't believe that fact, ie we pay money to have our children taught something quite different as fact. Instead, we do something which violates the text of scripture by inserting millions of years. But the plants which were made on the third day won't stand for it. The six days as 24 hours are essential for not only the plants but also for the power, integrity and holiness of God.....

**Moses taught that God created without death Gen 2v17**

But we allow our children to be taught that things came about by the process of evolution and attribute that to God. There can be no evolution without death. The fossil record, if God used evolution to create, is full of disease, bloodshed, cancers and we make God call that good!

**They exchanged the beauty of the Immortal God**

**in His creation and instead shaped their ideas of God and His Methods on things that Die .. therefore**
